## Union of Spirit

*Flying beneath the wind, looking down from on high*

*A 'Union of Spirit' takes place nearby ...*

*A special union of like minds and pure loving energy*

*A beautiful togetherness in perfect synergy*

*This loving mass freeing all our hearts*

*Is given to the Universe for a wonderful start*

*To move the World on, to people who love,*

*Who care, who heal with intent from above*

*This glorious change is a 'Union of Spirit',*

*And is happening now, from old new beginnings*

*So flying beneath the wind, beneath stars, beneath sky,*

*A gift is here for when I live and when I die,*

*An Energy field, so subtle yet strong...and able*

*To heal each other...imagine a silver cable*

*Extends to us all ...transcending all realms,*

*That 'Union of Spirit' is there at the Helm.*

*I truly give thanks for this loving intention*

*Gratitude and forgiveness in this growing ascension*

*I am so blessed, to be part of this coming together,*

*This 'Union of Spirit' we are all one forever.*
